Subject: Media Ownership Ruling

SUNSHINE PERIOD

I strongly disagree with the FCC's decision to relax the media-ownership rules. Changing this law would allow for a very few media companies (such as ClearChannel and Viacom) to control what millions of people read, see, or hear.

Many radio stations are already programmed with tape-delayed disc jockeys and repetitive song playlists, but relaxing this ruling would make things much worse.

Thank You.

I read your dissent to the Commission's vote expanding the cap on media ownership. I was impressed with your logic, your understanding of this vital public liberty, and the words you chose to use in your dissenting remarks. Thank you for trying to protect the public's assets and the long term interests of the average American. It appears that three of the FCC Commissioners gave Mr. Rupert Murdoch and his powerful business associates what Mr. Murdoch was prepared to purchase from Newt Gingrich for \$4.5 million several years ago... expanded media rules and limitless control of the American news and entertainment industry. As a result of yesterday's FCC action, Americans will be turned into consumers instead of citizens.

A Sincere Thanks,

Terry Thompson

For the record, I do not agree with the recent changes approved by the FCC regarding media ownership. Democracy depends upon a variety of opinions and free speech. The 3 Republican FCC members who voted in favor of the rule change will go down in history as laying the groundwork that destroyed America...more than any terrorist organization could have ever done!

The warnings were right, America will be destroyed from within! Who cares about Osama when we got the FCC????? How did 5 un-elected people get so much power?

Long live democracy! I hope Congress stops you before the damage is permanent!

Dear Commissioners Copps and Adelstein:

Thank you for your June 2nd votes against further deregulation of media ownership. Thank you also for speaking out so eloquently against the final vote.

I believe, as you both said so clearly yesterday, that this decision puts the interests of corporations above those of the American public. I think it's a shame.

I wanted to let you know that I have a good thought for you both.
